

materialnumber	product name	kind	usage	location	basic material	NLGI / Visko	working temp	pH-value	solids	container size	packaging unit	characteristic
301244607550 301244607470 301244607471	Innocoll KS 1765	water based	Paper and Aluminium foils	InnoKet	Casein	70.000±15.000	24°-32°C/28°C	8,3	42,00%	30Kg bucket 33Kg bucket 1050Kg container	18 buckets per palett 18 buckets per palett 1 piece	Very good allround product suitable for high speed machines, good condens water resistance
301244607440 301244607441	Innocoll KS 1799	water based	Paper and Aluminium foils	InnoKet	Casein	75.000±15.000	26°-35°C/29°C	7,9	42,00%	33Kg bucket 1050Kg container	18 buckets per palett 1piece	Product with good wet tack, suitable for foiling and heavy label paper and aluminium coated paper
301244607560 301244607480 301244607481	Innocoll KS 1102	water based	Paper and Aluminium foils	InnoKet	Casein	60.000±15.000	15°-32°C/28°C	7,9	47,00%	30Kg bucket 33Kg bucket 1050Kg container	18 buckets per palett 18 buckets per palett 1piece	Top-recommendation for glass labelling, excellent adhesion, low consumption, clean running, excellent condens water resistance
301244607570 301244607490 301244607491	Innocoll KS 5102	water based	Paper and Aluminium foils	InnoKet	Casein	75.000±20.000	25°-35°C	7,2	45,00%	30Kg bucket 32Kg bucket 1050Kg container	18 buckets per palett 18 buckets per palett 1piece	Top-recommendation for glass labelling, excellent adhesion, low consumption, clean running, very good ice water resistance
301244607580 301244607500 301244607501	Innocoll KS EW 171	water based	Paper and Aluminium foils	InnoKet	Casein	90.000±15.000	28°-35°C	7,0	43,50%	30Kg bucket 33Kg bucket 1050Kg container	18 buckets per palett 18 buckets per palett 1piece	Ice water resistant casein glue, Very short drying time on pasteurized bottles. Ice water resistance >7 days
301244607510 301244607511	Innocoll KS EW 170	water based	Paper and Aluminium foils	InnoKet	Casein	approx.125.000	28°-35°C/33°C	7,0	45,00%	33Kg bucket 1050Kg container	18 buckets per palett 1piece	Ice water resistant casein glue, High viscosity specially designed for hot regions like Africa. Most suitable for pasteurized and slightly moisture bottles.
301244607520 301244607521	Innocoll KS EW 175	water based	Paper and Aluminium foils	InnoKet	Casein	90.000±25.000	28°-35°C	7,1	44,00%	32Kg bucket 1050Kg container	18 buckets per palett 1piece	Ice water resistant casein glue, medium - viscous, clean running, excellent adhesion on wet and dry bottles, Ice water resistance > 7 days
301244607590 301244607461 301244607462 301244607591 301244607451	Innocoll KS EW 270 CAB	water based	Paper	InnoKet	Hybrid	90.000±20.000	26°-30°C/28°C	8,0	37,00%	30Kg bucket 32Kg bucket 120Kg barrel 1000Kg container 1050Kg container	18 buckets per palett 18 buckets per palett 4 barrels per palett 1 piece 1 piece	Hybrid glue with excellent ice water resistance, very clean running, low consumption, most suitable for pasteurized and slightly moisture bottles
301244607600 301244607533 301244607530 301244607532 301244607531	Innocoll KS EW 122	water based	Paper and Aluminium foils	InnoKet	Hybrid	approx.120.000	26°-32°C	8,3	37,00%	30Kg bucket 30Kg bucket 32 Kg bucket 120Kg barrel 1050Kg container	18 buckets per palett 18 buckets per palett 18 buckets per palett 4 barrels per palett 1 piece	Hybrid glue with excellent ice water resistance, very clean running, low consumption, most suitable for heavy paper labels, aluminium foils, and wet bottles
301244607610 301244607540 301244607541	Innocoll NP 2081 S	water based	Paper and Aluminium foils	InnoKet	Hybrid	75.000±15.000	28° - 35°C	7,8	35,00%	30Kg bucket 33Kg bucket 1050Kg container	18 buckets per palett 18 buckets per palett 1piece	very good alternative to casein, good and clean running properties, High wet tack for heavy paper labels and wet bottles
301244607350 301244607280 301244607281	Innocoll NP 2070 S	water based	Paper	InnoKet	Hybrid	60.000±15.000	27°-33°C	8,3	33,00%	30Kg bucket 33Kg bucket 1050Kg container	18 buckets per palett 18 buckets per palett 1piece	very good alternative to casein, good and clean running properties, good adhesion on glass bottles, standard recommendation for mineral water, softdrinks, wine, spirits and other glass jars

materialnumber	product name	kind	usage	location	basic material	NLGI / Visko	working temp	pH-value	solids	container size	packaging unit	characteristic
134499010591 301244607291	Innocoll DP 1513	water based	Paper	InnoKet	Disp/casein	60.000±15.000	20°-30°C/25°C	9,4	43,00%	33Kg bucket 1050Kg container	18 buckets per palett 1piece	designed for refillable PET-bottles. Good cleaning properties. Coca cola approval
301244607360 301244607300 301244607361 301244607301	Innocoll DP 1513 PLUS	water based	Paper	InnoKet	Disp/casein	70.000±25.000	20°-30°C/25°C	9,2	43,00%	30Kg bucket 33Kg bucket 1000Kg container 1050Kg container	18 buckets per palett 18 buckets per palett 1piece 1piece	designed for refillable PET-bottles. Good cleaning properties. Further development of DP 1513with improved adhesion and very good condensation water resistance
301244607110 301244607100 301244607102 301244607101	Innocoll DP 1523	water based	Paper	InnoKet	Disp/casein	40.000±10.000	20°-30°C/25°C	8,0	39,00%	30Kg bucket 32Kg bucket 120Kg container 1000Kg container	18 buckets per palett 18 buckets per palett 4 piece per palett 1piece	Designed for refillable PET-bottles, washable, no cold crack after drying
301244607370 301244607320	Innocoll DP 1525	water based	Paper	InnoKet	Disp/casein	75.000±20.000	20°-30°C/27°C	8,0	40,00%	30 Kg bucket 32 Kg bucket	18 buckets per palett 18 buckets per palett	Higher viscous version of DP 1523, for refillable PET-bottles, washable, no cold crack after drying, suitable for high speed, no splashing
301244607330	Innocoll DP 9221	water based	Paper	InnoKet	Dispersion	60.000±15.000	18° - 25°C	5,0	58,00%	25 Kg bucket	18 buckets per palett	Speciality for labeling of PP-,PE-,PVC-,PET-and PS-container, most suitable for the use on Anker Variant.
301244607340	Innocoll DP 8441	water based	Paper	InnoKet	Dispersion	40.000±5.000	20°-25°C	4,5	k.A.	33 Kg bucket	18 buckets per palett	Speciality for labeling of PP-,PE-,PVC-,PET-and PS-container, most suitable for the use on Anker Variant.
301244607150	Innocoll DP 1600	water based	Paper	InnoKet	Dispersion	50.000±15.000	20°-30°C/25°C	9,5±0,2	46±0,5%	33 Kg bucket	18 buckets per palett	Speciality for labelling tins and glass jars. Also suitable for varnished metal lids and PP-lids
